If you could do another job for just one day, what would it be?

A lawyer. When I was a kid, I used to imagine myself either working in an office setting or standing in a courtroom defending innocent people.

What is your best business tip?

Invest in your people. Employees are the best asset any business can have. Employees who feel valued and satisfied tend to be more productive and once productivity rises, success naturally follows.

Where is the best place you've traveled and why?

Magalawa Island at Zambales. No signal, no stress, just beautiful sunsets and a peaceful mind.

What is one thing you cannot resist?

I can't say no to a 50% sale. It doesn't matter what it is. The moment I see it, my eyes starts to twinkle and the next thing I know, I'm carrying more than what I planned to buy. It's like my personal superpower...or a flaw, depends on how you see it.

Do you have a hobby?

Yes, I enjoy spending my days off hiking. Besides the view, it feels satisfying when you reach the summit. If I'm not hiking, I read novels and motivational books or play the guitar and cover songs. Don't expect too much, I'm a frustrated singer.
