Jennifer Crow is loyal, competitive, and generous with her time and talents. Jennifer values technology and encouraging others to reach their full potential. She knows the value of determination and truly believes, “It’s never too late.” We asked Jennifer a few questions to get to know her better, and here is what she had to share.

Where is the best place you’ve traveled?

Our family vacationed in Wyoming and spent time in the Teton Mountains and Yellowstone National Park. The landscape was breathtaking, and Yellowstone has the most strange and unique features of anything I have ever seen.

What is one thing you can’t resist?

A Dr Pepper chocolate ice cream float

What is one accomplishment you are most proud of?

I am proud of earning my CPA license later in my career. It took diligence and perseverance to study for exams seven years post graduation while working and having a family.

Do you have any hobbies?

Yes, I play tennis on a regular basis. It was something that was a regular part of my life, and I had to take a break from. I am thankful to be this active again.

What is your favorite genre of music?

I have and will always be a country music fan. I have fond memories of the music dance halls in South Texas growing up and dancing on the weekends with my high school friends.
