What do you like best about working with Dillon Business Advisors?

Hands down – the people. Rachel & Marcus have been very intentional building our team and our client base with people who work hard, are growth minded, and place high value on life outside of the office.

If you could do another job for just one day, what would it be?

Organizational Psychologist. I really enjoy learning about how the mind works and sharing that knowledge with others. The Enneagram is one of my favorite frameworks to explore.

Where is your favorite place to be?

Watercolor, Florida draws my family back again and again. We love the combination of being nestled between the beach and dune lake, riding bikes, building sandcastles, paddle boarding, and enjoying outdoor concerts with ice cream in hand.

What is your best business advisory tip?

Build a good team (in house or outsourced) then empower and trust them to do what you have hired them to do, so you can focus on things that bring you joy.

When I was younger, I wanted to be a country music singer. I spent many hours with a microphone in hand at home and on stage.
