

IRS Audit or Identity Theft? We've Got Your Back.

The affordable IRS Audit & Identity Theft Service Plan from Dillon Business Advisors will support you if the IRS audits your individual tax return or if you are a victim of identity theft. Did you know that the expenses associated with most IRS Form 1040 audits cost in excess of \$1,000? Protect yourself! For a modest 20% surcharge on your tax preparation fee, we'll provide comprehensive advice and representation if you're selected for audit. In the case of identity theft, we will handle the paperwork with the IRS and provide you with sound guidance along the way. We will represent you in exams concerning individual tax returns and/or tax forms prepared by our firm, to the extent we are allowed by our professional designations. This includes correspondence from the IRS and state taxing agencies. You will remain responsible for any additional tax, penalties, and/or interest that may be assessed by taxing authorities.
